## RSCDS ST ANDREWS BRANCH PLATINUM CD

This "Platinum" CD celebrates 70 years of dancing in St Andrews. Included on the album are dances written for the Golden Jubilee, two dances devised by Branch members to mark Prince William's student days at St Andrews University and three new dances devised by Lewis Derrick.

The music recorded for the Golden Jubilee of St Andrews Branch has been digitally remastered.

The original tunes for the Golden Jubilee dances were composed by Billy Anderson, Mrs C.M. Gordon and Sandy Donald and those for the Prince William dances by David Cunningham. For the three new dances, the original tunes were written by the late Ian Morrison for Irene Bennett, a Branch member.

David Cunningham Senior recorded the original Golden Jubilee Album, and following in his father's footsteps, David Cunningham has recorded the music for the five additional dances.

St Andrews Branch continues to flourish and long may it do so.....

St Andrews Branch of the RSCDS is grateful for the donations received towards the production of this CD and for the sponsorship of St Andrews Shoemakers Ltd.
