KENTUCKY MOUNTAIN SQUARE DANCING

(RUNNING SET)

---

Running Set is the form of square dance which is danced in the Kentucky mountains and was seen and collected by Cecil Sharp over sixty years ago.

Most of the figures described are commonly found throughout the mountains of eastern Kentucky, and it should be remembered that they are sometimes known by different names in different parts of the State.

They are reprinted by kind permission of Pat Napier, Principal of Madison High School, Richmond, Kentucky, who was himself a Caller.
